HOW IT WORKS

The "Pre-Authorized Debit Agreement" means that you personally authorize Hope Church Mississauga to regularly withdraw your offering from your financial institution account. All you need to do is select the amount you want to give and the most convenient recurring schedule, either weekly on Fridays or one or more of the 3 monthly options. Hope Church looks after everything else. We arrange for the withdrawal from your account and the bank confirms the transactions on your monthly statement.

You may revoke your authorization or request changes to the amount or frequency of donations at any time via email to giving@hopemississauga.ca. Additional Information about pre-authorized debit agreements and your rights to cancel or change can be found on your banks websites or [here](#).
